*Bespoke Dog Care Services in West London*

## ABOUT US

Sam's Bark Buddies was founded in 2010 by dog-obsessed Samantha Lewis-James. As a certified dog walker with qualifications in Animal Care, Dog Behaviour & Training and Canine First Aid, Sam has a wealth of experience and is committed to understanding each individual dog's needs. Sam has decided it's time to branch out and establish a bespoke dog care service in West London. Sam is passionate about her work and has trained a like-minded team of dedicated animal lovers to ensure West London's dogs are in the very best of hands.

We offer a variety of services: One to One Walks, Buddy Up Walks, Puppy Play and The Extra Mile (evening care), all of which are detailed on the next page. Building a strong bond between your dog and their Bark Buddy is at the core of what we do; we always ensure your precious pup receives the undivided attention of a trained walker who has spent time with you and understands your dog's needs. As a bespoke service, our time is yours and so we will always aim to be flexible and accommodating - just ask!

Our walkers will always treat your pet as their own and their happiness, comfort and safety will always be of utmost importance to us. Your Bark Buddy will send regular 'pupdates' so that you can see what your dog has been up to and what a wonderful time they're having.

As well as ensuring exemplary dog care, the team at Sam's Bark Buddies are totally committed to providing a completely environmentally friendly service. All dog walkers live within walking or cycling distance of their clients; all dogs are collected on foot so that you don't have to worry about your dog travelling in vehicles and, equally importantly, the reliability of your dedicated walkers.

## OUR SERVICES

### **One to One Walks**

*8am - 6pm*

We ensure your precious pup receives the undivided attention of a trained Bark Buddies walker in an area they are comfortable and familiar with. Your walker will spend time with you and your dog to understand your needs and your preferred walking routes.

### **Buddy Up Walks**

*8am - 6pm*

Has your hound bonded with the dog next door? Does their bestie live down the road? Will they have a better walk and run around with their favourite puppy pal?! If you have a friend or family member's dog you'd like us to walk yours with, we'll be happy to accommodate and walk them together. Who are we to get in the way of frolicking friends!

### **Puppy Play**

*8am - 6pm*

We all love puppies, they are the cutest bundles of fun, but we also know they can be pretty challenging - we've been there too! Our Puppy Play service is a combination of short walks and socialisation, playtime and training, all designed to meet your puppy's needs. It is also a great way to get your puppy used to a new person too, hopefully one they can build a relationship with so that they will have a dedicated Bark Buddy for the long run.

### **The Extra Mile**

*6pm till late*

This unique service ensures you can really switch off on evenings when you're not there. Whether it's a special occasion, drinks with friends or the need to work late, we'll hang out with your pup for the evening, giving you the chance to relax and the flexibility to stay out a little longer.

### **Bespoke**

We will always be happy to discuss any special requirements such as one to one care for an extended period of time . Please get in touch to talk about your needs and we will do our best to find a solution.
